RoViSP 2025

The 13th International Conference
on Robotics, Vision, Signal Processing and Power Applications

Shaping the Future of Industry with AI, Integrated Circuit and Digital Innovation

UNIVERSITI SAINS MALAYSIA · USM · Springer

100% HRDF claimable

2-3 SEPTEMBER 2025

Eastin Hotel, Penang
Malaysia

Call for papers

International Conference on Robotics, Vision, Signal Processing and Power Applications (RoViSP) has been routinely organized by School of Electrical & Electronic Engineering, Universiti Sains Malaysia (USM) since 1994 (known as Robotics, Vision & Parallel Processing for Industrial Automation, ROVPIA). The conference has been a place for researchers, scientists, engineers, academicians, students and industrial professional to present and exchange research findings and activities.

Technical tracks

RoViSP conference 2025 topics:
- Robotics, Control, Mechatronics and Automation
- Vision, Image and Signal Processing
- Telecommunication Systems and Applications
- Electronic Design and Applications
- Electrical Power, Energy and Industrial Applications

Venue

Penang island, popularly known as the "Pearl of Orient", is located on the western coast of peninsular Malaysia. It is connected to the main land by two bridges; among the longest in the world.

Prospective authors are invited to submit paper in English of 4-6 pages in length including figures, tables, and references. All accepted and presented papers will be included in the conference proceeding published by Lecture Notes in Electrical Engineering (LNEE)-Springer (Indexed by Ei and Scopus)
